Please ensure you have stated the current and correct mailing address in your application details to avoid your physical card being sent to the wrong address. We shall not be responsible in the event of any error in your application or if you have keyed in wrong mailing address details or if you have not received your physical card due to the fact that the mailing address details given by you are wrong, inaccurate, not up-to-date or not complete. We shall further not be responsible if there is a delay by the delivery service provider, or if we have sent your physical card to the mailing address as stated in your application details and in our records but you have not received your physical card. Any financial burden as a result of such will be solely your responsibility, and you agree to the same.

You must have a mailing address in Malaysia to enable us to process and approve your application. Mailing addresses outside Malaysia and addresses bearing P.O. Box numbers will be rejected and we will **not** process or approve such applications.

In exceptional cases, and on a case-to-case basis, if your physical card is returned to us, and you thereafter wish to collect your physical card directly from us, you may do so (upon our notification and arrangement for a suitable date and time) but you must bring along your original identification documents for physical card collection purposes. We shall further not be responsible nor liable to you for any discrepancy between the signature appearing on the physical card and the corresponding sales slip or if for any reason(s) any transaction conducted with the Card is not accepted. You agree and understand that any discrepancy between the signature appearing on the physical card and the corresponding sales slip shall not by itself be a ground for disputing the validity of the sales transaction.

Activation of the Physical Card

If you have applied successfully for a physical Card, you must activate your physical Card first before you can use it to make any offline Transactions. You must activate your physical Card within its validity period as prescribed. You are advised to activate your physical Card in the Mobile App, or through the means for which is informed to you within our App only after you have received your physical Card, failing which we shall not be responsible or liable for any damages or loss or claim you may suffer arising therefrom.

Top-up to Boost eWallet

The minimum top-up or additional value may be topped up to your Boost eWallet via the available Top-Up Channels within the App as at present. Top up of funds to your Boost eWallet can only be in Ringgit Malaysia. Top-up sources should be from your personal source of funds, and should be from clean and clear funds, devoid of criminal origin.

We may, from time to time, at our sole discretion or as may be deemed necessary, impose limits on the amount that can be topped-up to your Boost eWallet or a minimum top-up amount for each top-up transaction or as may be required by law. You cannot top-up your Boost eWallet in excess of the maximum Card Limit which has been stipulated and approved for your Card. We shall not be responsible or held liable for any disputes (or loss) in relation to any excess funds if you attempt, have attempted or actually topped-up in excess of the maximum Card Limit, and we reserve the right to take any action that we may deem necessary, including blocking, suspending and/or terminating and cancelling your Card if we find you have persistently attempted to do so, despite the Card Limits stipulated for the Card.

September 2023

In the event of any excess funds reloaded by you, we will either refund the excess amount by cheque or by depositing it into your local bank account (provided you have given us your bank account details) or via other channels as determined by us or credit the same back into your Boost eWallet at our sole discretion and in accordance with our internal company policies. Note that even if you have topped up your Boost eWallet in excess of the Card Limit, you can still only transact and use the Card up to the maximum of the Card Limit.

Notwithstanding and irrespective of the above, we reiterate and remind you that you can only reload and top up your Boost eWallet subject to the limitations or maximum Card Limit(s) that have been stipulated, approved and/or imposed by us, and we reserve the right to take any action as we deem necessary or even terminate and cancel your Card in relation to non-adherence of the same. In addition, we reserve the right to debit your eWallet for any funds which have been topped up to your eWallet in excess or erroneously.

All reloads and/or top ups of funds shall not be considered to have been made until all relevant funds have been received and processed as good value by us. Reloading of additional value to the eWallet may be delayed until we have actually received and processed the actual payment. During such delay, the amount transferred by you will not be available for you to use on your Card. We reserve the right to accept or reject any request to top-up additional value to the eWallet or any reload transaction made to the eWallet. You agree that we shall not be liable to you in the event of delay in any loading or crediting of funds into your eWallet or Card Account where such delay is not attributable to our fault.

For all our available Top-Up Channels, please refer to the Mobile App for details. Our Top-Up Channels are not exhaustive and may change or be replaced from time to time. For Top-Up Channels operated by our authorized agents or partners, please note that a fee may be levied by the respective agents or partners. We may also charge a fee, if applicable. Please refer to the Fees & Charges for all applicable fees.

The Card is valid for the period as stated on the face of the Card. After the expiry period, you will be issued with a new Card unless otherwise instructed by you or as otherwise determined and/or declined by us. Without prejudice to the foregoing, the renewal of a new Card by us for you upon the expiry period shall be at our sole and absolute discretion. We may decline any renewals or requests for replacement Cards at our sole and absolute discretion, and our decision shall be final and conclusive.

Card Account balance and transaction history on the Mobile App and carry out all other functions associated with the Card.

Use of the Card

All Boost Beyond Cards are issued with contactless functionality and are MasterCard PayPass enabled. Once the Boost Beyond Card is activated and you have topped-up the Card with sufficient funds, you may start to use the Boost Beyond Card to purchase goods and services worldwide anywhere a MasterCard card is accepted and also to access cash at ATMs or financial institutions displaying the MasterCard name and/or logo, whereupon for ATM functionality, Boost shall duly inform the Cardholder within the App of its availability. Each time you use the Card to purchase goods or services, you authorize us to deduct your funds from your Card Account.

The Card is non-transferable and shall only be used exclusively by you as the Cardholder. Your Card shall not be pledged by you as security for any purpose whatsoever. You shall not give the Card or your Card Account number to other third parties or allow them to use it for charges, identification or any other purpose. If you do so, you will be liable for all charges made with the Card as a result thereof. You also cannot use your Card for purposes which are deemed to be illegal or unacceptable by us and we shall be entitled to block the authorization for the use of the Card for such activities.

Your Card usage is **limited** to a **maximum** of the Card Limit (depending on which Card Limit we have approved for you and pegged to your Payment Source). If you opt for any optional services provided by us (if applicable), then you may have to maintain a minimum amount as specified in connection with the use of those services. We may further set certain limits and thresholds for specific use categories (within the Card Limit) which you cannot exceed whether daily, monthly or so on. We may further refuse any Transaction or limit the amount to be transacted either on a per transaction or aggregated basis at any time and for any reason.

You should frequently review your Card Account to check and verify your Available Balance before using your Card. You must always ensure that there are sufficient funds in your Card Account to pay for each transaction and to cover the total amount transacted on your Card Account, including purchases, recurring transactions, fees and other charges. If the total amount in your Card account is insufficient, your transaction will be declined and in the case of recurring declined transactions, you would have to make your own arrangements for payment with the recurring merchant, and we shall not be liable for any penalty or late payment interest charged by such merchant on you. If you have not paid any of the fees (as may be applicable), your Card cannot be used and we will be entitled to block, suspend and/or to terminate your Card account.

Without prejudice to the above, we shall not be responsible for the refusal of any Merchant or member institution of Mastercard to honour or accept your Card.

All transactions conducted with your Card will only be reflected and posted to your Card Account after they have been submitted by the respective Merchant or acquiring

bank and processed by the Mastercard payment network and authorised ONLY by Boost.

Take note, as part of our CDD requirements and security monitoring process, Boost reserves the right to review your Card Account activities and any Transaction at any point in time in order to protect you and your funds and to ensure the validity, safety and security of your Card Account against money laundering, terrorism financing, fraudulent or illegal activities. As a provider of financial services, Boost also plays an important role in the fight against financial crime, money laundering and terrorist financing activities and as a result, the Applicable Laws require us to obtain, verify and record personal and private information about our customers and to conduct periodic account reviews. These processes often include steps that involve additional verification and validation of identity, payment or funding sources and instructions, and of other Transaction information which may require us to contact you further for the relevant information, which may result in delay in the processing of a Transaction until such verification and validation is satisfactorily completed. In the event that your Transaction is subject to any process for additional verification and/or validation (including AML compliance checks), your Transaction may be put on hold while we collect and confirm the source of the funds and complete the verification and validation process.

We reserve the right to refuse to process Transactions for certain individuals, including without limitation, individuals from sanctioned or high risk countries, individuals who have been blacklisted by any financial institutions, licensed banks or e-money issuers in Malaysia or abroad, individuals who are included in our internal lists and the relevant money laundering and terrorism financing information sources, as well as global lists or databases provided by local or foreign authorities (including but not limited to Bank Negara Malaysia), the United Nations Security Council Resolutions (UNSCR), Office of Foreign Assets Control (OFAC), or who are deemed as Specially Designated Nationals (SDNs), included under any lists or databases as provided or recommended by the Financial Action Task Force (FATF) and such other lists as may be issued from time to time by relevant government agencies. We may also refuse to process any Transaction on behalf of individuals that may appear on any list of politically exposed persons (PEPs) or that are family members or considered close associates of such PEPs (RCAs).

If the Card is used in a manner other than as permitted by this Cardholder Agreement, to the extent permitted by law, we may, at our option and without waiving any of our rights, recognize the transactions and debit or credit the Card accordingly. Any online betting and/or gambling activities are prohibited and you agree that we do not owe you any duty and/ or obligation whatsoever to monitor and block the use of the Card for any unlawful activities. If we do find that your Card has been used for unlawful or fraudulent activity, we shall be entitled to suspend, block and/or terminate the use of the Card immediately without prior notice to you. Notwithstanding the above, Boost reserves the right to block, suspend or decline any Transaction at its sole and absolute discretion.

parties (including the police, Bank Negara Malaysia, Mastercard and/or other banking institutions or other relevant parties) to be irregular, suspicious, illegal or unauthorized, and we shall be entitled to take any action against you as may be deemed necessary for such transactions, including blocking suspending and/or terminating your Card and Card account.

Payment Source/ Source of Fund

You will be entitled to choose the Payment Source for your Card. Currently, the available source is your Boost eWallet, and your Boost PayFlex.

If you choose your Boost eWallet as the default Payment Source, payment for Transactions via your Card will be deducted from your Boost eWallet.

If you choose your Boost PayFlex as the default Payment Source, you hereby acknowledge and agree to be bound by the applicable Shariah terms and conditions, and the applicable wakalah contract, and the payment for Transactions via your Card will be deducted from your Boost PayFlex limit as assigned and made available to you, the repayment of which will be subject to the applicable wakalah contract (including the default tenure in your Boost PayFlex settings). In the event your Boost PayFlex limit is insufficient for any Transaction, the payment for the said Transaction shall be automatically processed as payment from your Boost eWallet (i.e. the said payment will be deducted from your Boost eWallet). If there is insufficient balance in your Boost eWallet, the said Transaction shall fail and be null and void.

It is important that you always ensure you have sufficient balance in your Boost eWallet or sufficient Boost PayFlex limit prior to making any transaction.

You may change your default Payment Source as and when you want on the App. It is your responsibility to ensure that the Payment Source chosen is correct before you make any payment using your Card. You shall be liable for such unauthorized transaction before we receive written notification of the loss or theft. We may at our absolute discretion, resolve that your liability be limited to RM250, or any other amount that the Card permits without second factor authentications, provided you are not found to be negligent or have not acted fraudulently.
